

Southcentral Foundation

Alaska Native People Shaping Health Care

Southcentral Foundation is currently seeking Chemical Dependency Counselor's for our Dena A Coy, Anchorage & Benteh Nuutah Four Directions departments!

Southcentral Foundation (SCF) is an Alaska Native-owned, nonprofit health care organization serving nearly 65,000 Alaska Native and American Indian people (*customer-owners*) living in Anchorage, Matanuska-Susitna Valley and 55 rural villages. Our award-winning model of care is based on our belief that the journey to wellness is a responsibility between patient and provider.

Four Direction is an outpatient behavioral health clinic that serves both child and adult populations with outpatient medication management and insight-based therapy and is convenient to Anchorage and the Matanuska-Susitna Valley which sprawls across 23,000 square miles of pure Alaska wilderness with multiple hiking and recreational areas.

Why Work at Southcentral Foundation?

SCF's benefits are designed around your health and wellness. SCF offers its employees a generous paid leave, health benefits to include medical, dental, and vision, an employer matched 401K, 13 paid holidays, one hour per week of paid wellness leave, on-site fitness, academic leave for continuing education, academic scholarships, competitive salary packages, and much more!

SCF's clinical team environment is one of the most robust in the country. SCF's data-driven, non-revenue approach means that compensation is salary-based, encouraging a practice focused on wellness, not quantity.
